

## **Ordering Online & Paying Only Your 30% Co-Contribution**

After setup - you can now place your order online and **only** pay your 30% contribution as you order.

Payment options that we make available are

Paypal and Credit/Debit Card.

### **To enable this feature**

- You need to be an existing customer of ours with an existing agreement setup with your chosen care provider that allows us to split your bill on a 30/70% basis – where 70% is charged by us to your Care Package Provider.
- You need to call/email us so that we can make a small change to your online Top Nosh account to enable this feature.

Once we have made the change for you, you will be able to see all prices on our website at 30% of their normal prices.

### **Instructions When Placing Your Online Order**

- 1- Log on using your registered email address
- 2- Add items to your order as normal
- 3- On checkout select Paypal, Visa or Mastercard as your payment option and follow the on screen directions to complete your order (if you have ordered under the old method you would have been choosing Pay Driver as your payment method).

Once your order is complete our system will charge you your 30% co-contribution and immediately email you a receipt. We will be notified and handle the delivery of your order as we always have done, and will calculate the 70% charge and invoice this to your Care Provider.
